Professional Appointments

2026-	Monash University. Unit coordinator.
2025-	Baker Heart and Diabetes Institute. Honorary appointment.
2022-	Monash University. Research fellow.
2023-2024	Baker Heart and Diabetes Institute. Postdoctoral researcher.
2021-2022	Monash University. Teaching associate.
2019-2022	Monash University and Baker Heart and Diabetes Institute. PhD candidate.
2018-2019	Monash University. University of Melbourne. Research assistant.

Other positions

2024-2025	Lipoprotein(a) International Taskforce (ITF) Initiative. Health Economic Consultant.
2023-	International Diabetes Federation, Diabetes Atlas Economic Impact of Diabetes Special Interest Group. Member.
2022-	GLOBODIAB study. Principal analyst.
2023-2024	Victorian Government, Department of Health, Safer Care Victoria Cardiovascular Learning Health Network Data Group. Member.

Qualifications

2022	Doctor of Philosophy, Monash University.
2018	Bachelor of Science (Honours), University of Melbourne.

Competitive grant funding

2026	Medical Research Future Fund Cardiovascular Health Grant, National Health and Medical Research Council of Australia.	$2,999,171.	CIG.
2025	Health Services Research Grant Program, HCF Research Foundation.	$274,605.	CIA.
2025	Collaboration and Exchange Grant, National Heart Foundation of Australia.	$5,000.	CIA.
2024	Postdoctoral Fellowship, National Heart Foundation of Australia.	$151,200.	CIA.
2024	Charles Coghlan OAM Emerging Researcher Award, Diabetes Australia.	$150,000.	CIA.
2023	45 and Up Cardiovascular Research Grant, National Heart Foundation of Australia.	$120,000.	CIB.

Scholarships and Awards

2022	Finalist – Victorian Premier's Awards for Health and Medical Research, Department of Health, Victorian Government.
2022	Damien Jolly Award for Higher Degree by Research Thesis Excellence, Monash University.
2022	Baker research prize for publication excellence, Baker Heart and Diabetes Institute.
2021	Finalist – Baker best publication award, Baker Heart and Diabetes Institute.
2021	Baker research prize for publication excellence, Baker Heart and Diabetes Institute.
2021	School of Public Health and Preventive Medicine best HDR paper award, Monash University.
2020	Finalist – Baker best publication award, Baker Heart and Diabetes Institute
2019-2022	Monash Graduate Excellence Scholarship, Monash University.
2019-2022	Australian Government Research Training Program Scholarship, Monash University.
2018	John A. McKenzie / Selby Scientific Foundation Award, University of Melbourne.
2017	Howitt Natural History Scholarship, University of Melbourne.
2016-2017	Dean's Honours List, University of Melbourne.

Publications

First author publications: [3, 5, 7, 10, 12, 20, 21, 25, 30, 40, 47, 50, 55, 58, 59, 60, 65, 66, 67, 70, 71, 73, 74, 76, 77, 78]

Senior author publications: [1, 2, 22, 23, 32, 37, 38, 43, 44, 51]

Lead or supervising analyst or statistician publications: [11, 26, 27, 41, 49, 63]

1. Adam C. Livori, Tzu-Yung Kuo, Jenni Ilomäki, Monique F. Kilkenny, Stella Talic, Zanfina Ademi, J. Simon Bell, Jedidiah I. Morton*, and Lachlan L. Dalli* (*joint senior). 1. Papadimos E, Morton JI, Harding JL, Barr E. A Life Course Approach to Diabetes. In Mishra G, Hardy R, Kuh D, A Life Course Approach to Women's Health (2nd edition). Oxford University Press.

Invited lectures

1. Internationl Diabetes Federation – Western Pacific and Australia Diabetes Congress 2026. "Cost effectiveness analysis, how reliable a tool is it? " August 2026.

2. HCF Research Foundation, Sydney, Australia. "Development of a geographic surveillance and reporting system for diabetes care and outcomes." July 2026.

3. Steno Diabetes Center, Copenhagen, Denmark. "Creative use of large datasets to improve diabetes outcomes." April 2024.

4. The Society of Hospital Pharmacists of Australia (SHPA) – Medicines Management 2023. "RCT or bust." November 2023.

5. Deakin University, Melbourne, Australia. "Inequality in type 2 diabetes in Australia." June 2023.

6. Buloke Loddon Gannawarra Diabetes Online Forum, Victoria, Australia. "Up-to-date diabetes treatment? Depends on where you live." January 2022.

Conference presentations

1. Morton JI, Williams ED, Shaw JE, Magliano DJ. Quantifying the impact of inequality on traditional and emerging diabetes complications: A registry study of cause-specific admissions in Australia. Australiasian Diabetes Congress, August 2025.

2. Morton JI, Liew D, Watts GF, Zoungas S, Nicholls SJ, Reid CM, Ademi Z. Immediate vs. 5-year risk-guided Initiation of treatment for Primary Prevention of Cardiovascular Disease in 40-year-old Australians. Cardiac Society of Australia and New Zealand, August 2024.

3. Morton JI, Liew D, Watts GF, Zoungas S, Nicholls SJ, Reid CM, Ademi Z. Cost-effectiveness of immediate vs. 5-year risk-guided initiation of treatment for primary prevention of cardiovascular disease in 40-year-old Australians.Cardiac Society of Australia and New Zealand, August 2024.

4. Morton JI, Magliano DJ, Chen L, Sacre JW, Carstensen B, Gregg EW, Pavkov ME, Arffman M, Chu LM, Eeg-Olofsson K, Fleetwood K, Fosse-Edorh S, Guion M, Gurevicius R, Ha KH, Kaul P, Keskimäki I, Kim DJ, Laurberg T, Støvring H, Wild SH, Shaw JE. Cause-specific Mortality Trends in People With and Without Diabetes: A Multi-Country Analysis. European Diabetes Epidemiology Group. April 2024.

5. Morton JI, Marquina C, Lloyd M, Watts GF, Zoungas S, Liew D, Ademi Z. Lipid Lowering Strategies for Primary Prevention of Coronary Heart Disease in Australia: A Cost-effectiveness Analysis Using Mendelian Randomisation. Cardiac Society of Australia and New Zealand, August 2023.

6. Morton JI, Lazzarini PA, Polkinghorne KR, Carstensen B, Magliano DJ, Shaw JE. The Association between Age of Onset of Type 2 Diabetes and the Long-Term Risk for Major Diabetes-Related Complications. American Diabetes Association, June 2022.

7. Morton JI, Marquina C, Shaw JE, Liew D, Ademi Z, Magliano DJ. Projecting the Incidence and Costs of Major Cardiorenal complications of Type 2 diabetes with Widespread GLP-1 RA and SGLT2i use. International Society for Pharmacoeconomics and Outcomes Research, May 2022.

8. Morton JI, Ilomäki J, Wood SJ, Magliano DJ, Shaw JE. Trends in Rehospitalisation Rates for Myocardial Infarction, Heart Failure, and Stroke in People with and without Diabetes in Australia from 2012-2018. American Diabetes Association, June 2021.

9. Morton JI, McDonald SP, Salim A, Liew D, Shaw JE, Magliano DJ. Projecting the Future Incidence of Type 2 Diabetes-Related End-Stage Kidney Disease: A Comparison between Diabetes Prevention and Treatment. Australasian Diabetes Congress 2020.

10. Morton JI, Liew D, McDonald SP, Shaw JE, Magliano DJ. The Association of Age of Onset of Type 2 Diabetes with Long-Term Risk of End Stage Kidney Disease: A National Registry Study. American Diabetes Association, June 2020.

Invited articles

1. Morton JI. Sweet Saviour: Increasing availability of a new diabetes medication could prevent many people with type 2 diabetes developing kidney failure. Diabetic Living (readership: 245,000; circulation: 56,739), 2021.

Supervision

1. Della Wang. Doctor of Philosophy. Monash University. Associate supervisor.

2. Sheridan Rodda. Doctor of Philosophy. Monash University. Associate supervisor.

3. Tamrat Befekadu Abebe. Doctor of Philosophy. Monash University. Associate supervisor.

4. Adam Livori. Doctor of Philosophy. Monash University. Associate supervisor.

5. George Tan. Doctor of Philosophy. Monash University. Associate supervisor.

6. Hannah Doody. Masters of Clinical Pharmacy. Monash University. Primary supervisor.

7. Anthony Horton. Masters of Public Health. Monash University. Primary supervisor.

Teaching

1. Monash University. MPH5214: Demographic Methods (Master of Public Health). Unit coordinator. 2026.
2. Victorian Heart Hospital. Introductory Biostatistics. Course designer and teacher. 2024.
3. The Society of Hospital Pharmacists of Australia (SHPA) – Medicines Management 2023. "Doing valuable research". Course designer and teacher. 2023.
4. Baker Heart and Diabetes Institute. Multistate models: Occurrence rates, cumulative risks, competing risks, state probabilities with multiple states and time scales using R and Epi::Lexis, by Bendix Carstensen. Teaching assistant. 2023.
5. Monash University. MPS5304: Regulatory science and monitoring medicine use (Master of Clinical Pharmacy). Guest lecturer. 2022.
6. Monash University. PGC5101: Evidence based practice (Master of Clinical Pharmacy). Teaching associate and interim unit coordinator. 2021-2022.
7. Monash University. PHR2012: Professional Practice IV (Bachelor of Pharmacy). Teaching associate. 2021-2022.
8. Monash University. BMS4200: Biostatistics for Biomedicine (Honours). Teaching associate. 2021.

Peer review

I have reviewed manuscripts for the following journals:

- The Lancet Diabetes and Endocrinology
- European Heart Journal
- Annals of Internal Medicine
- Diabetes Care
- Medical Journal of Australia
- European Journal of Preventive Cardiology
- Diabetologia
- American Journal of Kidney Diseases
- The Lancet Regional Health – Western Pacific
- Cardiovascular Diabetology
- Diabetes Research and Clinical Practice

- Diabetes & Metabolism
- Diabetic Medicine
- Diabetes, Obesity and Metabolism
- Value in Health
- PharmacoEconomics
- BMJ Open
- Frontiers in Endocrinology
- Scientific Reports
- European Journal of Clinical Investigation
- Annals of Medicine
- Journal of Epidemiology and Community Health
- GeroScience
- Journal of Clinical Lipidology
- BMC Nephrology
- BMC Public Health
- BMC Health Services Research
- Current Medical Research & Opinion
- Health Economics Review
- Australasian Journal on Ageing
- Journal of Pharmacy Practice and Research

I have reviewed grants for the following schemes:

- HCF Research Foundation Health Services Research Grant scheme.
- Diabetes Australia Research Program.
- Heart Foundation Postdoctoral Fellowship.
- Gold Coast Health Collaborative Research Grant Scheme.
